The prime responsibility for ensuring compliance with Shari'a standards and rules in all activities and business operations lie with the Company management. It is our responsibility to present an independent opinion of the Company's operations and to communicate it to the shareholders.

We have reviewed all transactions, agreements pertinent to Re-insurance adopted by the Company during year ended 31st December 2021 and an audit was conducted upon Company's activities as detailed in the Shari'a Audit report which was performed to ensure that the Company's activities were in compliance with the set rules and principles issued by the SSC and the guidelines of Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI) in addition to soliciting all information and documentations that were deemed necessary to reach to sound conclusions.

Our report revealed that all transactions and business activities, entered into by the Company during the year ended 31st December 2021, are in compliance with Shari'a guidelines issued by the Shari'a Supervisory Committee, with exception of the following point; while the vast majority of the investments venues are as per Shari'a Supervisory Committee guidelines, 13.93% of the Company's total investments have been invested in Shari'a non-compliant bonds, equities, and mixed equities which generated an interest income amounting to 2.26% of the Company's total revenue, which therefore requires a subsequent purification (SAR 0.233 Per Share). The responsibility of said purification lies with the Company's shareholders. The Shari'a Committee recommends that such investments should be disinvested within a time period of 90 days from the issuance of this report.
