# INDEPENDENT AUDITORS' REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS

TO THE SHAREHOLDERS OF SAUDI REINSURANCE COMPANY (A SAUDI JOINT STOCK COMPANY)

## Introduction

We have reviewed the accompanying interim condensed statement of financial position of Saudi Reinsurance Company (the "Company") as at 31 March 2022, the interim condensed statements of income, comprehensive income, changes in equity and cash flows for the three month period then ended and notes to the interim condensed financial statements. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

## Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements as at 31 March 2022 of the Company are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

The interim condensed financial statements of the Company as at and for the period ended 31 March 2022 have been prepared in accordance with International Accounting Standard 34 “Interim Financial Reporting” (IAS 34) as endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”).

The Company’s interim condensed statement of financial position is not presented using a current/non-current classification. However, the following balances would generally be classified as current: bank balances and cash, time deposits, accrued special commission income from time deposits, reinsurance premium receivables (net), investments held at fair value through income statement, accrued special commission income from bonds and sukuk, retrocession balance receivables, deferred excess of loss premiums, retroceded share of outstanding claims, retroceded share of claims incurred but not reported, prepaid expenses, deposits and other assets, accounts payable, margin loan payable, retrocession balances payable, outstanding claims, claims incurred but not reported, accrued expenses and other liabilities, provision for zakat and tax and accumulated surplus. The following balances would generally be classified as non-current: held to maturity investments, accrued reinsurance premiums, retroceded share of unearned premiums, deferred policy acquisition costs, property and equipment, net, Investment in an equity accounted investee, statutory deposit, accrued income on statutory deposit, accrued retroceded premiums, unearned premiums, unearned retrocession commission, employees end of service benefits and accrued commission income payable to SAMA.

The interim condensed statement of financial position, statements of income, comprehensive income and cash flows of the insurance operations and shareholders’ operations which are presented in Note 17 of the interim condensed financial statements have been provided as supplementary financial information to comply with the requirements of the guidelines issued by SAMA implementing regulations.

In preparing the Company’s interim condensed financial information in compliance with IFRS, the balances and transactions of the reinsurance operations are amalgamated and combined with those of the shareholders’ operations. Interoperation balances, transactions and unrealised gains or losses, if any, are eliminated in full during amalgamation. The accounting policies adopted for the reinsurance operations and shareholders operations are uniform for like transactions and events in similar circumstances.

The inclusion of separate information of the reinsurance operations with the financial information of the Company in the interim condensed statement of financial position, statement of income, statement of comprehensive income, cash flows as well as certain relevant notes to the interim condensed financial information represents additional supplementary information required as required by the implementing regulations.

The accompanying unaudited interim condensed financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company’s annual financial statements as at 31 December 2021.

Surplus is distributed between reinsurance operations and shareholders operations in accordance with the implementing regulations issued by the SAMA, whereby the shareholders of the Company are to receive 90% of the annual surplus from reinsurance operations and the policyholders are to receive the remaining 10%. Any deficit arising on reinsurance operations is transferred to the shareholders’ operation in full.

### **NOTES TO THE UNAUDITED INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) (continued)**

**For the three month period ended 31 March 2022**

#### **2. BASIS OF PREPARATION (CONTINUED)**

As required by Saudi Arabian insurance regulations, the Company maintains separate accounts for Reinsurance and Shareholders' operations and presents the interim condensed financial statements accordingly. Revenues and expenses clearly attributable to either activity are recorded in the respective accounts. The basis of allocation of other revenue and expenses from joint operations is determined by the management and Board of Directors.

In accordance with the Article 70 (2g) of the Insurance Implementing Regulations of SAMA, a minimum of 20% of the annual net income is required to be transferred to a statutory reserve until this reserve equals the paid-up capital of the Company. This reserve is not available for distribution.

#### ***Basis of measurement***

These unaudited interim condensed financial statements have been prepared on the historical cost basis, except for the measurement at fair value of investments held at fair value through income statement and investment in an equity accounted investee which is accounted for under the equity method and employees' end of service benefits (EOSB) measured at present value of future obligations using projected unit credit method.

#### ***Functional and presentation currency***

These unaudited interim condensed financial statements have been presented in Saudi Arabian Riyals (SR), which is the functional and presentational currency of the Company. All financial information presented has been rounded off to the nearest SR.

#### ***Fiscal year***

The Company's fiscal year is aligned with the calendar year i.e. it begins at 1 January and ends at 31 December.

#### ***Critical accounting judgments, estimates and assumptions***

The preparation of interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these interim condensed financial statements, the significant judgments made by management in applying the Company's accounting policies, the risk management policies and the key sources of estimation uncertainty except for estimation of accrued reinsurance premium as mentioned below, were the same as those that applied to the annual financial statements as at and for the year ended 31 December 2021.

### **3. SIGNIFICANT ACCOUNTING POLICIES AND AMENDMENTS TO STANDARDS**

The accounting policies used in the preparation of these unaudited interim condensed financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2021.

#### ***A) Standards issued but not yet effective***

The following standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Company's interim condensed financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective. Further, the Company has chosen not to early adopt the amendments and revisions to the International Financial Reporting Standards, which have been published and are mandatory for compliance for the Company with effect from future dates.

#### ***IFRS 9 – Financial Instruments***

This standard was published on July 24, 2014 and has replaced IAS 39. The new standard addresses the following items related to financial instruments:

##### ***Classification and measurement***

IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss. A financial asset is measured at amortized cost if both:

- i) the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and;
- ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding ("SPPI").

The financial asset is measured at fair value through other comprehensive income and realized gains or losses would be recycled through profit or loss upon sale, if both conditions are met:

- i) the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and for sale and;
- ii) the contractual terms of cash flows are SPPI

Assets not meeting either of these categories are measured at fair value through profit or loss. Additionally, at initial recognition, an entity can use the option to designate a financial asset at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch.

For equity instruments that are not held for trading, an entity can also make an irrevocable election to present in other comprehensive income subsequent changes in the fair value of the instruments (including realized gains and losses), dividends being recognized in profit or loss.

Additionally, for financial liabilities that are designated as at fair value through profit or loss, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss.

#### ***Impairment***

The impairment model under IFRS 9 reflects expected credit losses, as opposed to incurred credit losses under IAS 39. Under the IFRS 9 approach, it is no longer necessary for a credit event to have occurred before credit losses are recognized. Instead, an entity always accounts for expected credit losses and changes in those expected credit losses. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition.

**3. SIGNIFICANT ACCOUNTING POLICIES AND AMENDMENTS TO STANDARDS (CONTINUED)**

***IFRS 9 – Financial Instruments (Continued)***

***Effective date***

The published effective date of IFRS 9 was January 1, 2018. However, amendments to IFRS 4 – Insurance Contracts: Applying IFRS 9 – Financial Instruments with IFRS 4 – Insurance Contracts, published on September 12, 2016, changes the existing IFRS 4 to allow entities issuing insurance contracts within the scope of IFRS 4 to mitigate certain effects of applying IFRS 9 before the IASB’s new insurance contract standard (IFRS 17 – Insurance Contracts) becomes effective. The amendments introduce two alternative options:

- 1) apply a temporary exemption from implementing IFRS 9 until the earlier of
  - a) the effective date of a new insurance contract standard; or
  - b) annual reporting periods beginning on or after January 1, 2023. On 17 March 2020, the International Accounting Standards Board (“IASB”) decided to extend the effective date of IFRS 17 and the IFRS 9 temporary exemption in IFRS 4 from January 1, 2021 to January 1, 2023. Additional disclosures related to financial assets are required during the deferral period. This option is only available to entities whose activities are predominately connected with insurance and have not applied IFRS 9 previously; or;
- 2) adopt IFRS 9 but, for designated financial assets, remove from profit or loss the effects of some of the accounting mismatches that may occur before the new insurance contract standard is implemented. During the interim period, additional disclosures are required.

The Company has performed a preliminary assessment which included below:

- (1) The carrying amount of the Company’s liabilities arising from contracts within the scope of IFRS 4 (including deposit components or embedded derivatives unbundled from insurance contracts) were compared to the total carrying amount of all its liabilities; and
- (2) The total carrying amount of the Company’s liabilities connected with insurance were compared to the total carrying amount of all its liabilities. Based on these assessments the Company determined that it is eligible for the temporary exemption. Consequently, the Company has decided to defer the implementation of IFRS 9 until the effective date of the new insurance contracts standard. Disclosures related to financial assets required during the deferral period are included in the Company’s interim condensed financial statements.

***Impact assessment***

The Company is currently assessing the impact of the application and implementation of IFRS 9. As of the date of the publication of these interim condensed financial statements, the financial impact of adopting the standard has yet to be fully assessed by the Company. The Company expects the classification and measurement of financial assets to be impacted from implementation of IFRS 9 as the Company is yet to perform a detailed review.

As at 31 March 2022, the Company has total financial assets amounting to SR 2,664,957,598 (31 December 2021: SR 2,343,530,101) and insurance related assets amounting to SR 455,713,159 (31 December 2021: SR 435,966,183) respectively. However, the Company is yet to perform a detailed assessment to determine whether the debt securities meet the SPPI test as required by IFRS 9. The Company is currently assessing the impact on application and implementation of IFRS 9. At present, it is not possible to provide reasonable estimate of the effects of application of this new standard as the Company is yet to perform a detailed review.

***IFRS 17 Insurance Contracts***

***Overview***

This standard has been published on May 18, 2017, it establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts and supersedes IFRS 4 – Insurance contracts.

The new standard applies to insurance contracts issued, to all reinsurance contracts and to investment contracts with discretionary participating features provided the entity also issues insurance contracts. It requires to separate the following components from insurance contracts:

**3. SIGNIFICANT ACCOUNTING POLICIES AND AMENDMENTS TO STANDARDS (CONTINUED)**

**A) Standards issued but not yet effective (Continued)**

**IFRS 17 Insurance Contracts (continued)**

- i) embedded derivatives, if they meet certain specified criteria;
- ii) distinct investment components; and
- iii) any promise to transfer distinct goods or non-insurance services.

These components should be accounted for separately in accordance with the related standards (IFRS 9 and IFRS 15).

**Measurement**

In contrast to the requirements in IFRS 4, which permitted insurers to continue to use the accounting policies for measurement purposes that existed prior to January 2005, IFRS 17 provides the following different measurement models:

The General Measurement Model (GMM) is based on the following “building blocks”:

- a) the fulfilment cash flows (FCF), which comprise:
  - probability-weighted estimates of future cash flows,
  - an adjustment to reflect the time value of money (i.e. discounting) and the financial risks associated with those future cash flows,
  - and a risk adjustment for non-financial risk;
- b) the Contractual Service Margin (CSM). The CSM represents the unearned profit for a group of insurance contracts and will be recognized as the entity provides services in the future. The CSM cannot be negative at inception; any net negative amount of the fulfilment cash flows at inception will be recorded in profit or loss immediately.

At the end of each subsequent reporting period the carrying amount of a group of insurance contracts is remeasured to be the sum of:

- the liability for remaining coverage, which comprises the FCF related to future services and the CSM of the group at that date; and
- the liability for incurred claims, which is measured as the FCF related to past services allocated to the group at that date.

The CSM is adjusted subsequently for changes in cash flows related to future services but the CSM cannot be negative, so changes in future cash flows that are greater than the remaining CSM are recognized in profit or loss. The effect of changes in discount rates will be reported in either profit or loss or other comprehensive income, determined by an accounting policy choice.

The Variable Fee Approach (VFA) is a mandatory model for measuring contracts with direct participation features (also referred to as ‘direct participating contracts’). This assessment of whether the contract meets these criteria is made at inception of the contract and not reassessed subsequently. For these contracts, in addition to adjustment under GMM, the CSM is also adjusted for:

- i) the entity’s share of the changes in the fair value of underlying items;
- ii) the effect of changes in the time value of money and in financial risks not relating to the underlying items.

In addition, a simplified Premium Allocation Approach (PAA) is permitted for the measurement of the liability for remaining coverage if it provides a measurement that is not materially different from the General Measurement Model for the group of contracts or if the coverage period for each contract in the group is one year or less. With the PAA, the liability for remaining coverage corresponds to premiums received at initial recognition less insurance acquisition cash flows. The General Measurement Model remains applicable for the measurement of the liability for incurred claims.

However, the entity is not required to adjust future cash flows for the time value of money and the effect of financial risk if those cash flows are expected to be paid/received in one year or less from the date the claims are incurred.

## Saudi Reinsurance Company (A Saudi Joint Stock Company)

### NOTES TO THE UNAUDITED INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) (continued)

For the three month period ended 31 March 2022

### 3. SIGNIFICANT ACCOUNTING POLICIES AND AMENDMENTS TO STANDARDS (CONTINUED)

#### A) Standards issued but not yet effective (Continued)

##### IFRS 17 Insurance Contracts (continued)

###### Effective date

The Company intends to apply the Standard on its effective date i.e. 1 January 2023. The IASB issued an Exposure Draft Amendments to IFRS 17 proposing certain amendments to IFRS 17 during June 2019 and received comments from various stakeholders. On 17 March 2020, the IASB completed its discussions on the amendments to IFRS 17 Insurance Contracts that were proposed for public consultation in June 2019. It decided that the effective date of the Standard will be deferred to annual reporting periods beginning on or after 1 January 2023. Earlier application is permitted if both IFRS 15 – Revenue from Contracts with Customers and IFRS 9 – Financial Instruments have also been applied.

###### Transition

Retrospective application is required. However, if full retrospective application for a group of insurance contracts is impracticable, then the entity is required to choose either a modified retrospective approach or a fair value approach.

###### Presentation and Disclosures

The Company expects that the new standard will result in a change to the accounting policies for insurance contracts and reinsurance and investment contracts with discretionary participating features, if applicable together with amendments to presentation and disclosures.

###### Impact assessment:

The Company is currently assessing the impact of the application and implementation of IFRS 17. As of the date of the publication of these financial statements, the financial impact of adopting the standard has yet to be fully assessed by the Company. The status of the implementation is as follows:

Impact Area	Summary of Impact
Governance and control framework	<p>The Company has a comprehensive IFRS 17 governance framework which includes establishing a steering committee to provide oversight, monitor the progress of implementation, approve decisions, and assign roles and responsibilities to various stakeholders.</p> <p>The Company is currently implementing the control framework that will be adopted following IFRS 17 Go Live.</p>
Operational area	<p>The Company has completed the deployment of the IFRS 17 software, and is currently implementing changes to the accounting, actuarial modelling, processes and controls, data, and systems to comply with the requirements of IFRS 17. This includes implementing the Phase 3 Design decisions, blueprints of its end state functional design, transition processes, a comprehensive data policy and data dictionary.</p>
Technical and financial area	<p>The Company has documented the technical policy papers, finalizing the policy decisions and choices required under the IFRS 17 Standard. The policy decisions and choices are taken after performing detailed assessments and due deliberations among various stakeholders and have been approved by the Company's IFRS 17 Steering Committee.</p> <p>The Company is currently assessing the expected financial impact of adopting the IFRS 17 Standard.</p>
IFRS 17 Dry Run	<p>The Company performed the first IFRS 17 dry run in November 2021. This involved preparing the IFRS 17 financial statements using data as at 31 December 2020 and the IFRS 17 software that has been implemented by the Company.</p> <p>The Company has refined its implementation plan taking into consideration the learnings from the first dry. The next IFRS 17 dry run, using data as at 31 December 2021, will be performed in May 2022.</p>
IFRS 17 testing	<p>The Company's implementation plan includes a number of testing phases: parallel runs and User Acceptance Testing (UAT), in addition to the dry runs.</p>

The Company has deposited an amount of SR 89.1 million (31 December 2021: SR 89.1 million) with a local bank, which has been rated “A” by Standard & Poor’s Rating agency representing the statutory deposit of 10% of its paid-up capital as required by the Implementing Regulations of the “Law On Supervision of Cooperative Insurance Companies” issued by SAMA. This statutory deposit cannot be withdrawn without the consent of SAMA. The statutory deposit generates special commission income which is accrued on regular basis and is shown as a separate line item as part of the shareholders’ liabilities in the Statement of Financial Position as “Accrued commission income payable to SAMA”. The accrued commission on the deposit as at 31 March 2022 is SR 21,481,877 (31 December 2021: SR 20,962,172) and has also been disclosed in assets as “Accrued income on statutory deposit”.

ii. Determination of fair value and fair values hierarchy:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or the most advantageous) market between market participants at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

As at 31 March 2022 and 31 December 2021, the investment in money market funds under reinsurance operations amounted to SR 190.08 million (31 December 2021 : SR 343.04 million) is classified as level 2 investments whereas the investment in Fixed-rate bonds/sukuk under reinsurance operations amounted to SR 92.45 million (31 December 2021 : SR 97.38 million) is classified as level 1 investments. The following table shows an analysis of financial instruments under shareholders’ operations measured at fair value by level of the fair value hierarchy:

Fair values of investment funds are based on the net assets value (“NAV”) as disclosed in the fund’s latest available financial statements. The discounted cash flow (“DCF”) model has been used to value the debt securities, this model considers the present value of net cash flows to be generated from the debt security, discounted at the market yield of similar quoted instruments. The estimate is adjusted for the effect of non-marketability of the debt securities. The following table shows a reconciliation from the beginning balances to the ending balances for the fair value measurement in level 3 of the fair value hierarchy.

**8. ACCRUED REINSURANCE PREMIUMS**

The gross written premiums ("GWP") of proportional and non-proportional treaty and facultative reinsurance contracts include estimates of premiums due to the company but not yet reported by the cedant. This portion of GWP is considered as pipeline premium and accounted in the Statement of Financial Position as 'Accrued reinsurance premiums' net of related acquisition costs. These pipeline/accrued premiums are estimated at the inception of the reinsurance contract based on cedants/brokers forecasts and management's evaluation of these forecasts. Subsequent to initial recognition, the accrued reinsurance premium is adjusted using actuarial techniques. Management reviews and evaluates all premium estimates, comparing actual premiums to expected ultimate premiums on a quarterly basis and any adjustments to these estimates are recorded in the financial statements as and when updated information comes to light. Accrued premiums are net of any associated acquisition costs.

Objectives are set by the Company to maintain healthy capital ratios in order to support its business objectives and maximize shareholders' value.

The Company manages its capital requirements by assessing shortfalls between reported and required capital levels on a regular basis. Adjustments to current capital levels are made in light of changes in market conditions and risk characteristics of the Company's activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue shares.

In the opinion of the Board of Directors, the Company has fully complied with the externally imposed capital requirements during the reported financial period.

The Company's Board of Directors recommended, at their meeting on 30 March 2021, that the Company's ordinary share capital be increased from SR 810 million to SR 891 million, a 10% increase, by issuing bonus shares at the rate of one share to every ten shares held. On 14 July 2021, the Company got approval from the extra ordinary general meeting to increase its share capital. The Company has utilized SR 81 million of its retained earnings for this purpose.

<b>Total</b>	<b>891,000,000</b>	<b>100%</b>	891,000,000	100%

As of 31 March 2022, the authorized, issued and fully paid-up share capital of the Company consists of 89.1 million shares of SR 10 each (31 December 2021: 89.1 million shares of SR 10 each). The Company's zakat and tax calculations and corresponding accruals and payments of zakat and tax are based on the above ownership percentages in accordance with the relevant provisions of the Saudi Arabian Zakat and Income Tax regulations.

The zakat and tax liability as at period / year end are as follows:

	31 March 2022 (Unaudited)	31 December 2021 (Audited)
Provision for zakat	18,578,293	14,955,365
Provision for tax	318,415	310,870
	<b>18,896,708</b>	15,266,235

The zakat and tax charges for the three-month period ended are as follows:

	31 March 2022 SR (Unaudited)	31 March 2021 SR (Unaudited)
Zakat charge for the period	3,622,928	3,319,620
Tax charge for the period	7,545	29,026
	<b>3,630,473</b>	3,348,646

The Company has recorded zakat and tax provision based on the circular No. 12746/16/1438H (18 January 2017) issued by the Zakat, Tax, and Customs Authority (ZATCA), in which Saudi public listed companies are to provide for tax and zakat based on the shareholding percentages of GCC and non-GCC founding shareholders. The shareholding percentages of GCC and non-GCC founding shareholders were 99.6% and 0.4% respectively as at 31 March 2022 and 99.6% and 0.4% as at 31 December 2021.

**Status of assessment**

The Company has filed its tax / Zakat returns for the year ended 31 December 2020 and obtained the final Zakat certificate up to 2020. However, it is Zakat, Tax, and Customs Authority (ZATCA)'s discretion to issue further assessments for 2019 and 2020.

In October 2021, the ZATCA has issued assessments for the years 2019 and 2020 with additional zakat and income tax liability amounting to SR 3.1 million and SR 4.2 million, respectively. The company filed an appeal with General Secretariat of Tax Committees ("GSTC") against this additional amount. The Company's management believes that there is a strong case against this additional assessment since the company's position on this item is strongly supported by the zakat regulations.

**Status of VAT assessment**

Other assets include payment made by the Company in relation to VAT assessment raised by Zakat, Tax and Customs Authority (ZATCA) for 2018 and 2019 financial years amounting to SR 35 million (2021: SR 35 million). The ZATCA accepted the Company's objection regarding local and standard rated purchases and refunded the full amount of SR 3.5 million in early 2021 and rejected the objection for remaining amount. The Company has filed an appeal with General Secretariat of Tax Committees ("GSTC") against the ZATCA's rejection decision. ZATCA filed a counter-reply to the

Company's appeal with GSTC in April 2021. The Company has filed a counter reply to ZATCA's counter claim. Simultaneously, an appeal to the Alternative Dispute Resolution Committee "(ADRC)" has also been filed to present the Company's perspective to ADRC. Following ADRC's rejection, the company is continuing with the appeal with GSTC. The Company's management and its tax advisors believe that there is a strong case that the ZATCA's assessment will be reversed, and the full amount will be refunded in due course.

**14. RELATED PARTY TRANSACTIONS AND BALANCES**

Related parties represent major shareholders and key management personnel of the Company. The Company transacts with its related parties in the ordinary course of business.

### **NOTES TO THE UNAUDITED INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) (continued)**

#### **For the three month period ended 31 March 2022**

#### **19 BASIC AND DILUTED EARNINGS PER SHARE**

The basic and diluted earnings per share for the period ended 31 March 2022 and 2021 is calculated by dividing the net income for the period by 89.10 million shares to give a retrospective effect of change in the number of shares increased as a result of the bonus shares issued in July 2021.

#### **20 FAIR VALUE**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market of the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The Company's management believe that the carrying value of all financial assets and liabilities, other than those disclosed in note 7, approximate their fair values at the interim condensed financial statements.

#### **21 RECLASSIFICATION**

During the quarter, the Company has reclassified deposits with Lloyd's London from Prepaid expenses, deposits and other assets to Investments held at fair value through income statement. The reclassification was done to conform to the current period presentation and the impact to the overall financial statement's presentation is not material.

The following table shows the impact on each financial statement caption affected by the reclassification:

<u>Financial statement caption</u>	<u>31 December 2021 (before reclassification)</u>	<u>Reclassification</u>	<u>31 December 2021 (after reclassification)</u>
Prepaid expenses, deposits and other assets	246,580,802	(171,976,458)	74,604,344
Investments held at fair value through income statement	631,608,138	171,976,458	803,584,596

#### **22 APPROVAL OF THE INTERIM CONDENSED FINANCIAL STATEMENTS**
